Certificate IV in Mental Health

This qualification reflects the role of workers who provide self-directed recovery-oriented support for people affected by mental illness and psychiatric disability.

Work involves implementing community-based programs and activities focusing on mental health, mental illness and psychiatric disability.

Work is undertaken in a range of community contexts such as community based non-government organisations; home based outreach; centre-based programs; respite care; residential services, rehabilitation programs; clinical settings; or supporting people in employment. Work is carried out autonomously under the broad guidance of other practitioners and professionals.
